

We'll show you how to create these bookmarks in four easy steps...

Step One:

We'll retrieve a "Bookmarks Template with Oval Photo Inserts" from your Bookmarks Galore! CD.

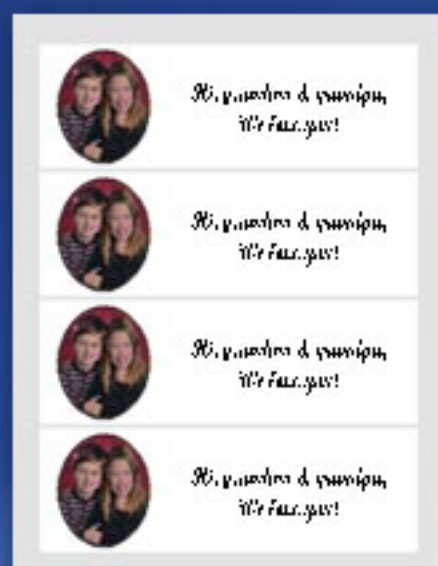

Step Two:

We'll import a photo from your hard drive into the "oval photo insert". Or you can import the photo to all four bookmarks in the template, all at once!

Step Three:

Now we'll enter a verse from the "Promise Verses" catalog on your Bookmarks Galore! CD or you may key in your own poem, verse or text. Copy/Paste the text into all four bookmarks if you choose.

Step Four:

Import a beautiful "backfill" scene from your Bookmarks Galore! CD or from your own digital or 'scanned-in' photo. By 'highlighting' all four bookmark frames the backfill can be imported into all of them at once. Your bookmarks are now ready to print onto Bookmarks Galore! perforated cardstock. Congratulations!
